YOUR E-PACE

DYNAMIC DESIGN

E-PACE is our fresh, bold SUV with a new foil-tipped grille giving it an even more assertive look. The vehicle's muscular form flows around the wheel arches, creating dramatic curves reminiscent of F-TYPE, our most renowned sports car.

Vehicles shown are from the Jaguar global range. Specifications, options and availability may vary between markets and should be verified with your local Jaguar Retailer. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted.

Features and their availability may differ by vehicle specification and market. Please refer to the Specification and Price Guide for details or contact your local Jaguar Retailer for more information.

STEP INTO YOUR OWN WORLD

Inside E-PACE’s design-focused environment, everything has a specific purpose, style and sense of refinement. This allows for class-leading small item stowage, perfect for day-to-day use. The embossed leaper headrest detail and Chrome accents make the everyday more special. You can choose to accentuate the space using considered materials and bold colourways. Our R-DYNAMIC model includes sport seats with contrast stitching. You can choose to design your interior, your way.

SIT BACK AND SETTLE IN

In E-PACE, every component you can see and touch has been meticulously designed to deliver a refined experience. The all-new Drive Selector with cricket ball stitching, an 11,4" Touchscreen and a leather grab handle reiterate the driver focus. Overhead, a panoramic roof* floods the space with natural light. This space is a haven.

*Optional feature.

In-car features should be used by drivers only when safe to do so. Drivers must ensure they are in full control of their vehicle at all times.

YOUR E-PACE

POWER. PERFORMANCE. PRECISION.

With power, driving pleasure and fuel economy, a selection of engines are available to complement your style. Choose from our new Plug-in Hybrid (PHEV*), 3-cylinder Petrol, 4-cylinder Petrol, or our 4-cylinder Diesel – fitted with Mild Hybrid (MHEV*) technology. This advanced system turns the engine off during low-speed deceleration and harvests kinetic energy from braking to help charge the battery. Such a combination maximises efficiencies, especially during urban driving.

PLUG-IN HYBRID (PHEV)*

When you drive around town or set off on your daily commute – in All-electric Mode – the system delivers greater efficiencies with fewer emissions. When you combine this with the vehicle's combustion engine, E-PACE readily tackles those longer drives and optimises its performance and fuel consumption, whilst going greener.

SETTING THE PACE

You ask, E-PACE responds. A series of advanced technologies, such as Torque Vectoring by Braking* and All Surface Progress Control*, help to maintain control and composure. The optional Adaptive Dynamics* system rapidly analyses the road surfaces and driving style to deliver a constant connection between road and driver. To further personalise your drive, JaguarDrive Control enables a choice of driving modes and allows you to tailor a 'dynamic' setup. The optional Configurable Dynamics* allows you to further personalise your E-PACE for a truly exhilarating drive.

YOUR E-PACE

ALL-WHEEL, ALL-WEATHER.

E-PACE's All Wheel Drive (AWD*) system combines the agility and character of Rear Wheel Drive (RWD) with the added security and traction of AWD. When road conditions become more challenging, the system subtly channels power for optimum traction and more comfortable progress. Then, Jaguar's Intelligent Driveline Dynamics (IDD) sets in. Using sensors measuring throttle and steering inputs to anticipate wheel slip, IDD seamlessly co-ordinates these inputs to distribute torque accordingly. Plus, the all-new Adaptive Surface Response (AdSR*) system works at all speeds, monitoring the car's environment and adjusting engine and brake settings to maximise grip across most surfaces.

*Engine dependent.

A FULLY CONNECTED JOURNEY

SIMPLICITY AS STANDARD

No more endless menus. No more fidgety commands. Pivi, Jaguar's impressive and seamless in-car infotainment system, enables you to do 80 percent of your usual tasks with just one or two taps. All on the home screen. Engineered around a smartphone-like interface, it features an intuitive 11,4" Touchscreen that allows you to go right to what's needed, when you need it. Plus, you can even connect your smartphone* and enjoy your favourite compatible apps.

androidauto

*Compatible smartphones only. Your car is prepared for Apple CarPlay. The services offered by Apple CarPlay depend on feature availability in your country, please see apple.com for more information. Your car is prepared for Android Auto. The services offered by Android Auto depends on feature availability in your country, please see android.com for more information.

All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times. Pivi and InControl features, options, third party services and their availability remain market dependent – check with your Jaguar Retailer for local market availability and full terms. Mobile network connectivity cannot be guaranteed in all locations. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.

PREMIUM FUNCTIONALITY

Upgrade to Pivi Pro¹ and you'll enjoy fast start-up and even greater connectivity. With the Remote App² as standard, your E-PACE is always in the palm of your hand. Preset your navigation, confirm your vehicle's location, check fuel levels and set the interior temperature - all before you've opened the car door. Along the way, intelligent re-routing can find you the best path to take, as well as updating parking availability, fuel price comparisons, café locations and traffic hotspots. Intelligent and intuitive, it also learns your regular and favourite routes, so that Smart Voice Guidance can make sure your song won't be interrupted with unnecessary instructions. A 12,3" Interactive Driver's Display is optional, as is Head-up Display³, which projects key information onto the windscreen in your line of sight, so you can focus on the road ahead.

¹Connected Navigation will require further subscription after the initial term advised by your Jaguar Retailer. Linked feature in some markets. ²Remote contains subscription services that can be extended after the initial term advised by your Jaguar Retailer. The Remote App will need to be downloaded from the Apple App Store/Google Play Store. ³Linked feature in some markets. Navigation directions on the windscreen only appear when Pivi Pro is fitted to the vehicle.

In-car features should be used by drivers only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times.

FEEL THE MUSIC WITH MERIDIAN™

Meridian’s approach to in-car audio is all about managing the sound stage; intensifying the levels of depth, clarity and realism of the music, by using a combination of advanced acoustic technology and strategically positioned speakers.

Wherever you sit in the car, you’ll get the same concert-quality sound. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It’s intimate, dramatic and atmospheric – whether you’re enjoying the twists and turns of an open road or stuck in rush-hour traffic.

EXPLORE MERIDIAN

6 SPEAKERS

1. SOUND SYSTEM

Gives new levels of realism to your favourite music with a combination of speakers, 6-channel amplifier, Audio Equalisation and Dynamic Volume Control.

12 SPEAKERS 1 SUBWOOFER 400W AMPLIFIER POWER

2. MERIDIAN SOUND SYSTEM

Brings detail and clarity to everyone in the car with strategically arranged speakers and a dual-channel subwoofer to deliver a full, sophisticated sound.

16 SPEAKERS 1 SUBWOOFER 650W AMPLIFIER POWER

3. MERIDIAN SURROUND SOUND SYSTEM

Enjoy an engaging, authentic concert hall experience as you’re enveloped in the fullness and clarity of side, front and rear speakers seamlessly integrated using Trifield™ technology.

Visuals aim to represent the perceived placement of the musicians based on an occupant seated on the right side of the vehicle.
Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the three fields device is a trademark of Trifield Productions Ltd.

EVERYDAY PRACTICALITY

Wherever you want to go and whatever you want to take, E-PACE can readily accommodate you, your passengers and your luggage. Its 40:20:40 rear seats allow you to extend the loadspace, with a class-leading maximum width of 1.311m. Which makes taking those bigger items easier. Now it's up to you how you fill it.

■ Standard.

Class A (17"-20" wheels and 19" wheels with Summer tyres). Class B (19" wheels with All-Season tyres and 21" wheels).

*The figures provided are NEDC2 calculated from official manufacturer’s WLTP tests in accordance with EU legislation. For comparison purposes only. Real-world figures may differ. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted. NEDC2 are figures calculated using a Government formula from WLTP figures equivalent to what they would have been under the old NEDC test. The correct tax treatment can then be applied. **WLTP is the new official EU test used to calculate standardised fuel consumption and CO₂ figures for passenger cars. It measures fuel, energy consumption, range and emissions. This is designed to provide figures closer to real-world driving behaviour. It tests vehicles with optional equipment and with a more demanding test procedure and driving profile. Figures are shown as a range under WLTP testing measures. The lowest figures refer to the most economical/lightest set of options. The highest figures refer to the least economical/heaviest set of options. WLTP legislation dictates that where there is <5g CO₂ variance between the lowest and highest figures, only the highest is declared.

■ Standard.

Class A (17"-20" wheels and 19" wheels with Summer tyres). Class B (19" wheels with All-Season tyres and 21" wheels).

*The figures provided are NEDC2 calculated from official manufacturer’s WLTP tests in accordance with EU legislation. For comparison purposes only. Real-world figures may differ. CO₂ and fuel economy figures may vary according to wheel fitment and optional extras fitted. NEDC2 are figures calculated using a Government formula from WLTP figures equivalent to what they would have been under the old NEDC test. The correct tax treatment can then be applied. **WLTP is the new official EU test used to calculate standardised fuel consumption and CO₂ figures for passenger cars. It measures fuel, energy consumption, range and emissions. This is designed to provide figures closer to real-world driving behaviour. It tests vehicles with optional equipment and with a more demanding test procedure and driving profile. Figures are shown as a range under WLTP testing measures. The lowest figures refer to the most economical/lightest set of options. The highest figures refer to the least economical/heaviest set of options. WLTP legislation dictates that where there is <5g CO₂ variance between the lowest and highest figures, only the highest is declared.
